International 4-H Youth Exchange

World Peace Through Understanding

International 4-H Youth Exchange (IFYE)

Since its founding in 1948, The International Four-H Youth Exchange (IFYE) program has helped thousands of young people from across the United States, Africa, Asia, Europe, Latin America, and the South Pacific learn about life in other lands.

The 4-H International Program Committee has adopted the IFYE program for 2006 and beyond. In 2006 the program will include the countries of Finland, Australia and Mexico. 4-H'er's 14 to 19 years of age will be sent as outbound participants. During the six-week summer program participants live and work as part of the family. Participants are typically hosted by 2 or 3 families during their stay so they can gain a broader perspective about life in their host country. Interested individuals should contact their State 4-H office for details and applications.

"Travelers see mountains, museums and human masses, and mimic a country's culture. IFYEs pass through front doors of homes to live as sons, daughters, brothers, and sisters. Thus the culture engulfs them."
