Hello Everyone!!

Hope you are all doing well and working hard on getting your projects ready for fair. Two months and counting!! Are you excited? I am, I can't wait to see everyone's projects and exhibits.

I have an important announcement to make. After this issue of Clover Talk, our newsletter will be changing it's look and how often it will be mailed out. In an effort to reduce postage

expenses, the Clover Talk will become part of the Extension Connections newsletter. The newsletter will be sent out on a bi-monthly basis. This makes deadlines crucial. If you want to submit club reports or information about club activities information has to be submitted to me no later than 15th of the month. For example, for the July/August issue I need to have all reports or article

submissions by the 15th of June.

The July/August newsletter in particular, will have a lot of pertinent information in it regarding the fair. The newsletters will be added to the website as we have done in the past.

Have a great month!

4-H Leader's Council

REMINDER

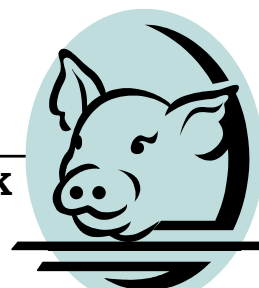

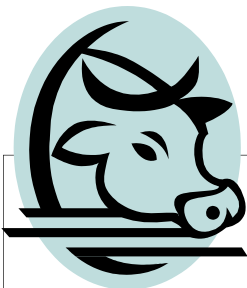

All leaders, parents, and community members are welcome to attend the council meetings. The Livestock council meeting start at 6:30 p.m. and Leader's Council starts at 7:30 p.m. The next meeting will be June 14, 2005 at the Extension Office

The May 10 Leader's council meeting started at the conclusion of Demonstration

Day. Congratulations to all who participated, great job! We reviewed the Judging Day and will look at moving the date up for next year to around April, around the middle of the month. It was also suggested to have a microphone on hand at the event so when placings are read everyone will be able to hear. Overall, the event was a success. Thanks again to everyone's participation and

help! Unfortunately, the Shooting Sports training that was slated for May 21 and 22 had to be cancelled. The panhandle is going to try to coordinate in an effort to increase participation and to keep trainings available since there are vacancies at the State level. Look for information in upcoming issues of Clover Talk.
