- *Childcare and mileage reimbursed!*
- *Conversations will be held at Prairie Middle School*

**Share ideas about your
community's potential!**

Prosperity

Do you wonder about the future of your community?

Do you have ideas that could benefit the area?

Do you ever wonder why something isn't being done about areas of need?

Do you know what a thriving and prosperous community looks like in the Cottonwood, Greencreek, Ferdinand and Keuterville area?

The Camas Prairie (which includes Cottonwood, Keuterville, Greencreek and Ferdinand) has been awarded a *Horizons* Grant from the Northwest Area Foundation. *Horizons* helps small, rural communities develop strategies to halt economic decline and create a prosperous and promising future.

To enrich education through diversity, the University of Idaho is an equal opportunity/affirmative action employer and educational institution.

How Can You Help?

Can you commit a mere 10 hours of time to the future of your community?

Our community's future depends upon input from residents willing to share their diverse hopes, dreams and plans in a public forum. We need your input.

We will host at least three **Community Conversation Groups** on the Camas Prairie.

Each group will meet five times for two hours throughout February and March. Two trained local facilitators will guide the discussions and input process.

The purpose of the **Community Conversations** is to raise ideas on how to create a prosperous future. Ideas could build on structures already in place or create new ideas for economic growth, safety, housing, and more.

The sixth and final meeting will bring all the **Community Conversation Groups** together to share the ideas that were developed in each group. During this meeting specific areas of concern will be named and plans for developing solutions implemented.
